

# SUIT TO SEIZE THE ODENWALD IS ORDERED

Two Government Ships Ordered to San Juan to Prevent Escape.

## HER CAPTAIN MAY BE PROSECUTED

WASHINGTON, March 23.—The Treasury Department urged upon the Department of Justice today to take possession of the Hamburg-American liner Odenwald, which attempted to leave San Juan, Porto Rico, without clearance and under circumstances indicating that an effort to violate the neutrality of the United States was contemplated. In addition two Government ships have been ordered to go to San Juan to prevent escape.

It was understood to-night that Attorney-General Gregory has accepted the view of the Treasury Department and has issued instructions to the acting United States District Attorney at San Juan to arrest the captain of the Odenwald and to take possession of the ship. The action, as contemplated, will be taken in the United States court in New York and it will be alleged that the ship attempted to violate the laws of the United States respecting neutrality.

The special order issued by the United States court at San Juan, March 23, entitled the "Joint resolution to empower the President to better enforce and maintain the neutrality of the United States." It provides that no vessel of a belligerent nation shall be allowed to depart from an American port for the purpose of carrying supplies to a belligerent warship, and that "in case any vessel shall depart or attempt to depart from the jurisdiction of the United States without clearance for any of the purposes set forth above the owner or master or person or persons having charge or command of such vessel shall be liable to a fine of not less than \$2,000 nor more than \$5,000 or to imprisonment not to exceed two years or both, and in addition such vessel shall be forfeited to the United States."

The first step to be taken by the government is to enforce the last paragraph of the resolution, and pending the action of the court to apply this paragraph to the Odenwald, the Treasury Department is expected to take steps to enforce the other provisions of the resolution. Attorney-General Gregory said upon having the cabinet meeting soon after the cabinet meeting on Sunday, that the indictment of the Odenwald captain would be filed immediately. It was understood that the subject had been discussed in the cabinet meeting and that the Treasury Department had approved the course which the Department of Justice was to follow.

The President earlier in the day, directed the Secretary of the Treasury, Mr. Clegg, to have charge of the investigation conducted by the Treasury Department into the Odenwald case. The Treasury Department is expected to take steps to enforce the other provisions of the resolution. Attorney-General Gregory said upon having the cabinet meeting soon after the cabinet meeting on Sunday, that the indictment of the Odenwald captain would be filed immediately. It was understood that the subject had been discussed in the cabinet meeting and that the Treasury Department had approved the course which the Department of Justice was to follow.

The ship was ordered to San Juan in order of the authority vested in the President by the neutrality resolution, which empowered him to employ the land and naval forces of the government to enforce the purposes of that law. At the same time the Treasury Department ordered the coast guard cutter Albatross to proceed at top speed to San Juan. The cutter has been ordered to San Juan to prevent the Odenwald from making her escape. It is one of the guns of this fortress which sent a shot across the Odenwald's bow on Saturday when she attempted to dash away.

The San Juan despatch conveyed no intimation of the resolution of the Odenwald to make a second attempt at escape. Officials are confident that no serious complications with the German government will result from the seizure of the Odenwald, provided due process of law is followed. It was pointed out that the ship if proved to have violated the provisions of the neutrality resolution, would be regarded as having violated the municipal laws of the United States and would therefore be plainly amenable to the penalties prescribed for such offenses.

Commander Herforth of the coast guard cutter Albatross left New York to-day to enforce the law. It is understood that he will take steps to enforce the law by detaining the Odenwald against violations of the provisions of this Government by ships of belligerent nations now lying in New York harbor.

The despatch that will be detached from the New York for service at San Juan is expected to be issued by the Treasury Department. It will be the work of enforcing neutrality at San Juan.

## DESCLOUX CASE STIRS MIRTH.

Justice Often Impolitic," Says Judge to Actress Witness.

NEW YORK, March 23.—The Judge in the Descloux case, which continued to-day, was an occasion which could be placed in the category of those which are often impolitic. The actress, Andrée Megard, who was called as a witness for Mme. Bechof, a French actress, who is also a French actress, was questioned as to her husband's profession.

"The Judge was silent, but a burst of laughter from the spectators was heard," continued the Judge in the case. "Justice is often impolitic," said the Judge.

The actress then confessed that her husband was a Frenchman. She said she had been married to a Frenchman for three years. The witness then threw light on the fact that the actress had been married to a Frenchman for three years. # Cardinal Calls Villa and Carranza Unfit

Mgr. Gibbons Says a New Leader, With the Ability to Bring About Lasting Peace, Will Soon Be Brought Out in Mexico.

## OPOSES INTERVENTION BY THE UNITED STATES

BALTIMORE, March 23.—"Armed intervention in Mexico by the United States should never take place. We who have the interest of the country at heart approve of the course of the present Administration in withholding troops from Mexico."

This declaration was made to-night by Cardinal Gibbons, just back from New Orleans, where he conferred with Archbishop Jose de Rio y Mora of Mexico city on conditions in Mexico.

Carranza and Villa, he said, are not to be trusted, and no one interested in the future welfare of Mexico wants to see either at the head of the country. There is another candidate, said the prelate, who will soon be brought forward and who is the most worthy and the one who can bring lasting peace to the country. He preferred not to mention the name of the candidate at this time.

The Cardinal refused to divulge just what place at the conference he had had in New Orleans two weeks ago with the Mexican Archbishop, saying that it was a "closed book" and had been taken up with the Department of State, with an early return to Mexico. "It is true there is much internal division in Mexico," continued the Cardinal, "and this is to be regretted. There are about thirty Catholic dioceses in Mexico, each with a bishop, but I am informed that about twenty of these have taken refuge in San Antonio. They have established a seminary there and will remain until conditions become settled in their own country."

"None of us has any faith in Carranza or Villa. I have had full reports on both. They are a disgrace to their country and I know that the people have no faith in them. They have ruled with a mighty hand and I have heard that Villa has perpetrated atrocious murders, but their rule seems to be an end. I feel sure that the proper man will be elected if an honest election is obtained. Carranza and his men have perpetrated the greatest crimes against the Catholic Church and for no reason. They will all be taken up through through diplomatic details, but I do not care to go into details as to what has been done."

Cardinal Gibbons said that the war in Europe would have a good effect on it would be the people with the importance of their religious duties. "There are now thousands upon thousands of Catholics going to confession and communion," he said, "and religious fervor is evidenced in all parts of the world. In Germany too there has been a return to religious principles. It is one of the pleasing aspects of the war."

Advices received here today indicate that Gen. Oregon, in command of 20,000 troops, is preparing to effect a junction with Carranza's forces, either at Tampico or Vera Cruz. This is indicated in a report that Gen. Oregon is forty-nine miles north of Mexico city and is moving with speed toward the coast.

Carranzistas Say Gen. Chao Was Routed at Elcano.

EL PASO, March 23.—While Villa reports are that the movement of Carranza troops from the Monterey district toward Victoria continues without interruption and that the Carranzistas are setting without offering any real resistance, Carranza agents insist that Gen. Trevino, commander of the Tampico army, defeated Gen. Chao, the Villa leader, in an engagement near Elcano, where Chao has been maintaining his headquarters for some weeks.

Chao is said to have been routed by Trevino, on the San Luis Potosi line, and Chao was to have been attacked from that direction as the other Villa troops attacked from the north. Carranzistas also say that Gen. Castro with 3,000 men has arrived at Tampico from Vera Cruz, and that the Carranzistas are now in a state of anarchy, asserting that Carranza is in a state of anarchy, asserting that Carranza is in a state of anarchy, asserting that Carranza is in a state of anarchy.

United States Military Attache's Recall From Berlin Assigned to an Embarrassing Incident, Perhaps Involving Ambassador Gerard.

## ENGLAND DIDN'T ASK FOR HIS REMOVAL

WASHINGTON, March 23.—Developments here today served to deepen rather than lessen the mystery with which the Administration is attempting to surround the recall of Major George T. Langhorne from his post as military attache at Berlin.

There were indications that the facts are being concealed for reasons of state that to avoid embarrassment. It was admitted in official quarters that for the present Major Langhorne would undoubtedly be engaged in preparing the reports of his observations of the German war operations. He will do this work in connection with the War College and the General Staff.

It became definitely known, however, that important as Major Langhorne's duties are regarded, his reports on the results of his observations of the German war operations are regarded as a point that has not been cleared up here. It is said, however, that Langhorne was the innocent victim of the incident and that, though his recall is necessary, no blame or discredit attach to him.

The official programme of the International Congress of Women, to be held at The Hague next month, has reached The Hague from Holland, where the women have undertaken to organize the congress. The proceedings will be in the English, German, French and Dutch languages.

The general appeal from Holland's women to the women of the world follows: "From many countries appeals have come asking us to call together an international women's congress to discuss what the women of the world can do in the dreadful times in which we are now living."

"We women of the Netherlands, living in a neutral country, accessible to the women of all other nations, therefore take upon ourselves the responsibility of calling together such an international congress of women of the world at a time when there is so much hatred among nations we women must show that we can retain our solidarity and that we are able to maintain a mutual friendship."

"Women are waiting to be called together. The world is looking to them for their contribution toward the solution of the great problems of today. Women, whatever your nationality, whatever your party, your presence will be of great importance. # U. S. TAKES ACTION IN BERMUDA SHOOTING

Indemnity Expected for the Wounding of an American by Sentry.

WASHINGTON, March 23.—The State Department sent instructions this afternoon to Consul W. M. Greene at Hamilton, Bermuda, to report at once all the facts in the shooting of George B. Montgomery of Buffalo, N. Y., by a British sentry.

Though the official report has been received, the case is expected to be reported to that of the two American duck hunters recently shot by Canadian patrolmen near Niagara.

According to the unofficial dispatches on the case, Montgomery was out boating and was warned by a sentry that in approaching an island where military reserves were confined he was in forbidden waters. Despite this warning, it is said, Montgomery's boatman kept on his course and was therefore fired at by the sentry. It is reported that Montgomery was wounded in the foot and that amputation was necessary.

The State Department was requested today by business associates of Montgomery in Buffalo, where he is a lumber dealer, to look into the case. The telegram sent to Bermuda was in response to this request. Officials of the State Department thought it strange that Consul Greene had not already reported the facts in advance of being asked to do so.

In the Canadian cases compensation was paid the widow of the man killed by the sentry and to the man who was injured without the United States government being obliged to make any demands. It is expected that the authorities in Bermuda will make an equal willingness to make reparation if the facts are established in confirmation of the official reports.
